- *(Towels are not supplied).*

FACILITIES AROUND THE FARM

We created Lakeside with our guests in mind, to give them seclusion and an environment for them to enjoy their holiday in. Over the last 14 years we have landscaped the grounds, planted more than 10,000 trees and dug out a two acre lake. We love to see returning guests, we are very lucky that 90 percent of our guests return within one year "it's like seeing old friends when they return."

We have placed the hot tub in an enviable position so as to take advantage of the great views of the lake and wildlife, but the greatest thing about Lakeside is its guests, we believe it's the best naturist environment to be found anywhere "the friendships that are created at Lakeside have changed lives."

Please feel free to browse our website and give us a call if there is anything else you need to know and we look forward to welcoming you to Lakeside and we hope to see you soon.

Hot tub and sauna

The hot tub and sauna are very popular with all of our guests.

Why not relax in our hot tub and watch the sunrise over the lake or look at the moon and count the stars. People love to chill out here, have a drink and meet and chat to other guests. A variety of wildlife including osprey, geese, foxes, badgers, kestrels, our owl - Barney and deer are just a few that our guests have been lucky enough to see. Our own ducks, chickens and doves also live at Lakeside. The hot tub is open from 7am until 9.30pm daily.

The sauna is inside and is open 24 hours per day for guests to relax in. Next to the sauna is our spacious shower.

The old pottery

In the old pottery, you will find a Sauna "free to use"

This building also hosts:

Toilet and shower (shower charge is 20p)

Sink

Washing machine

Kettle to make a tea or coffee which is particularly useful for our day visitors.

There is a pool table in the Hut (our party room)

Bike hire and the village

Free bike hire, we have two bikes at Reception for our guests to borrow during their stay, if you fancy a ride naked around the lake or perhaps a short ride to our village. The village people are very friendly and welcome our guests to coffee mornings and local events and will always stop and have a chat.

The hut and party room conservatory and decking

The hut is known as the focal point where our guests regularly meet in the evenings, it is used for parties, film nights and pool tournaments or you may want to read a book or have some quiet time in the day. All guests bring a plate of food and their own drinks to parties and there is a wide choice of music and films to choose from. There is also a large selection of books and puzzles too which are free for guests to borrow and Fridge and freezer for use by our campers and caravaners.

The conservatory at the back of the bungalow on the lake side is for guests to use, particularly if you are a day visitor as it gives you somewhere additional to sit and relax especially if the weather is bad. Free wi-fi is available on site and is very good here due to the position of the booster.

Beautiful lake and the nature reserve, free naked golf and free fishing.

Relax by our Lake filled with rainbow trout, brown trout and goldfish. A number of our guests also have model boats and spend time at the lake racing or just watching the boats go by.

There are benches around the lake where you can pause to enjoy the butterflies and birdsong or just sit in the sun. The naturist reserve is also ideal for a picnic, just follow the path and you will come to a large flat circular area. Badgers, foxes and deer are also regular visitors to the nature reserve. The dog walk stretches around the outside of the nature reserve, please be reminded dogs must be kept on their leads at all times.

Bare essentials shop

We have a small shop in Reception stocking ice creams, shampoo, bread, fresh farm eggs etc.

The nearest supermarket is 5 miles away in the village of Spilsby so guests find our shop very handy as they sometimes forget to bring items with them or run out of essentials during their stay.

OVER 2000 GREAT Reviews

Here is the review from Russ & Debs.

"As first timers we was not sure what to expect at Lakeside. When we arrived Tony met us and showed us around very friendly person. once we were shown around that was it stripped straight into there the HOT TUB just couldn't believe we was doing this. The room was comfortable everything we needed for our stay. Everyone we met was friendly and chatty that help us settle and relax couldn't ask for more. This is one for

the bucket list you must try!!!! you will not regret it. now looking forward to booking our next stay."

Lakeside is for us a piece of heaven here on earth. I never feel more relaxed than when here. Myself and hubby Kev love it there. Never can get there enough though. Always made welcome by the hosts and visitors alike. We have made and met some wonderful friends there. Thank you for making it a lovely experience Tony and Alison.
